

Lone Star Learning®

Math on a **BUDGET**

Math and Move

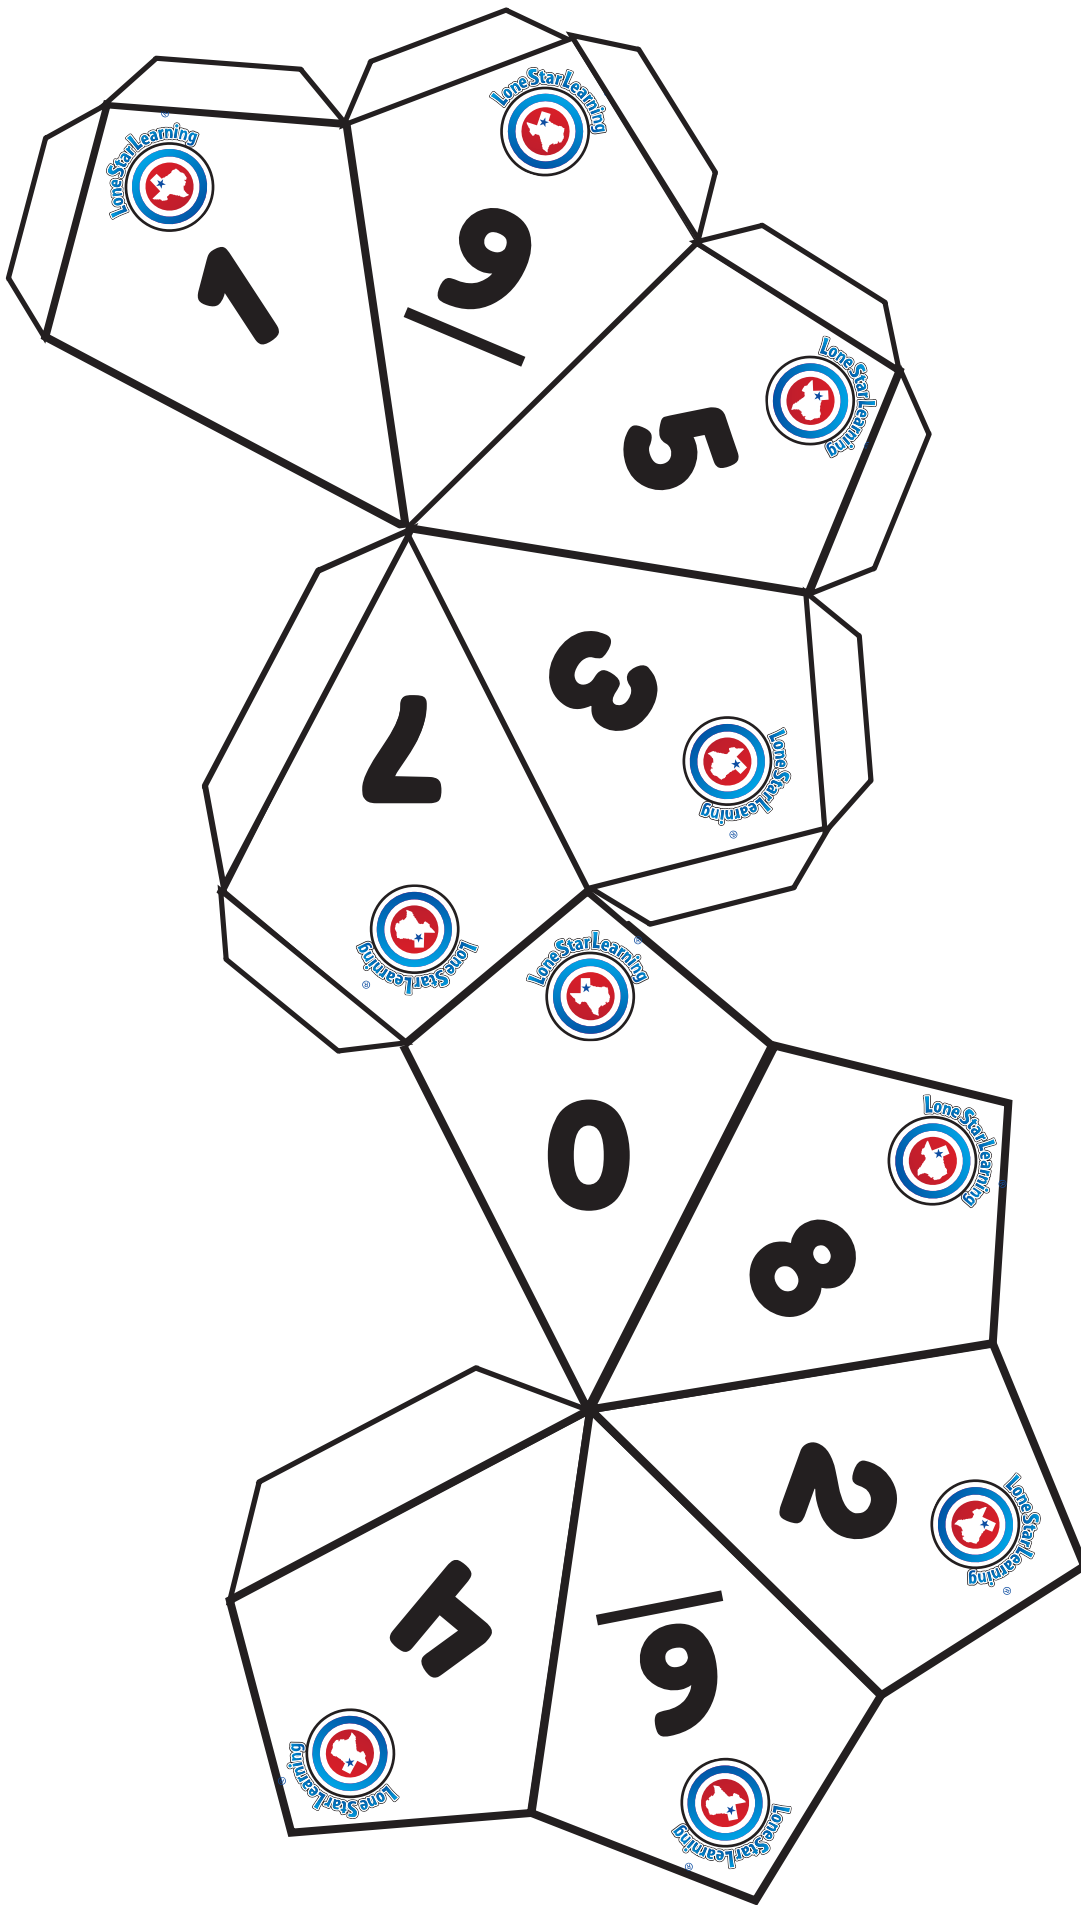

Materials:
Pencil
Paper Clip
2 Dice
Ball

This simple activity will get your kids moving and doing a little math!

- Roll the 2 dice (Decide before playing if you will add or multiply)
Add to find the sum.
Multiply to find the product.
- Spin and use the sum/product from what you rolled to complete the activity. For timed activities use the QR Code below to set the number of seconds needed for your sum/product
- Now take turns and have fun!
