Spiraling Skills

# TEKSas Target Practice™

Not for sale or use outside the State of Texas.

## Now Available 3 WAYS:

The most **EFFICIENT & EFFECTIVE** daily preparation for **STAAR®**

- Spirals through all MATH TEKS every 2 weeks
- Takes only 10 minutes a day once routine is established
- Texas Teacher FAVORITE for 25 years

“**TEKSas Target Practice** has been very beneficial in my students' mathematical learning. The spiral review hits on previously learned concepts and takes them deeper with it. The concepts that haven't been introduced yet provided a great preview & basis for when we did get to that concept in our curriculum. The students were much more prepared for it & grasped the concepts more quickly and with deeper understanding. The students knew that was the first thing we did every day & it only took about 10-15 minutes. It is/was definitely time well spent!”

— Amanda Jaramillo

NEW

### Plus 1:1

- Includes a **VIRTUAL BOARD** teacher license
- STAAR® 2.0 question types
- Perfect for remote learning, pullouts, home practice & make-up work
- Real time activity monitoring

TEKSasTargetPractice.com

“**TEKSas Target Practice** provides an amazing spiral math review! Every 2 weeks my students receive every skill they need to be successful in third grade math, as well as performance on the STAAR test. It's rigorous, provides the necessary content vocabulary, and my students can't wait to see what the next day's color might bring! It's challenging for kiddos at first, but that brief investment in time in the beginning pays off in the long run!”

— Keri  
Almendarez

I use  
**TEKSas Target Practice**  
for warm-ups and  
**Target the Question**  
in small groups.

**TEKSas Target Practice**  
gives a great spiral  
throughout the year.  
I can pre-teach some  
concepts so they are  
familiar by the time we  
get to the regular lesson.  
**Target the Question**  
has STAAR®-type  
questions that can be used  
in fun activities.

Any product  
LoneStarLearning  
puts out is top notch!

– Alice Sokoloski  
Brazosport ISD

## Science Vocabulary Pictures<sup>TM</sup>

**New and Updated Cards!**

What does your Science Wall look like? Go from words to WOW! with these incredibly powerful visual science terms. Watch your students master essential science terms in a glance! Each carefully chosen science term is cleverly formed into an illustration. Students don't have to read a word and then associate it with a picture beside it. Connections are made automatically because letters form the picture!!

8.5" x 5.5"
