

# Target the Question™

Post these posters around your building to remind teachers about the importance of incorporating Target the Question into their daily routines.

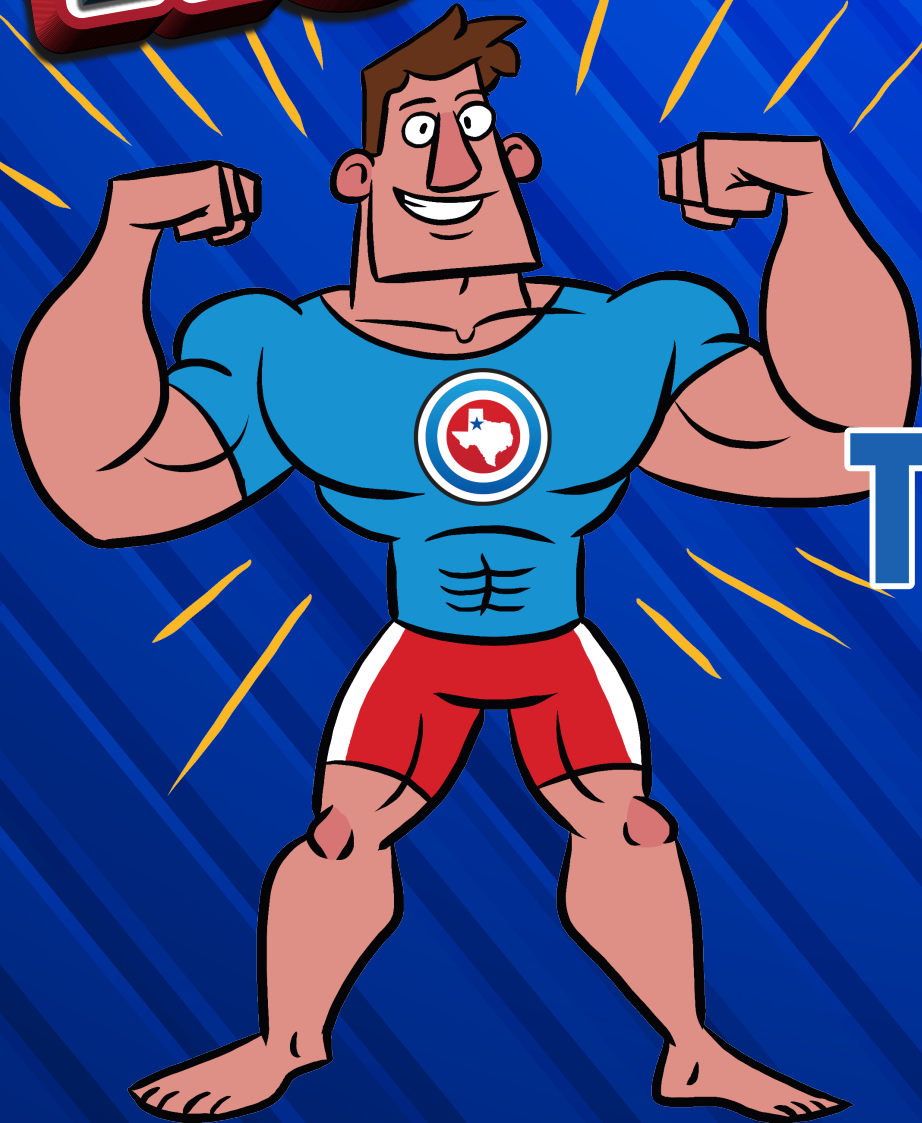

Target the Question provides a consistent, focused review of critical math problem-solving skills, helping students build confidence and proficiency over time. Daily use ensures students develop the habits of analyzing, reasoning, and applying their knowledge to a variety of problem types. By making Target the Question a daily practice, teachers can promote deeper understanding and stronger math performance, giving students the tools they need to succeed. These posters are intended to help foster accountability and encourage teachers to make Target the Question a non-negotiable part of their instruction, leading to measurable student growth.

\*Designed to print on legal sized paper.
