TargetTheQuestion.com

Our 2nd grade students have thrived using **Target the Question** for problem solving. We use it all year long!

— Jeannette McCasland

“**Target the Question** is by far the best digital program that I have seen. It engages the kids and makes them think about their answer and why the answer they choose is the best. It also makes the kids pick out the right information for that day's question, which I like because almost all the test questions are like this. I love this program!”

— Amy Harper

Picture Math Vocabulary Pictures™

Let your walls teach for you! The meaning is creatively incorporated into the actual word on these colorful, award-winning cards. Available in grade level sets. Definitions on back.

The math game that's a hit EVERY TIME!

They love it! They really love it! We hate to brag, but this award-winning game has proven itself a teacher favorite! Why?

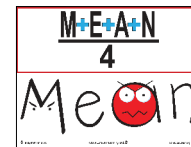

- Kids love playing and can do it independently, right off the bat.
- It's disguised learning (a powerful TEKS review).
- 300 color-coded game cards complement the tried and true TEKSas Target Practice™.
- It's flexible and customizable! It can be a 5-minute or a 25-minute game – you choose.
- It's perfect for stations, intervention, and early finishers.
- Students can self-check using QR codes or a traditional answer key.

Picture Tricky Math Terms™

You don't want to be a MEAN teacher, do you? Go way beyond average when you use these visual clarifications of multiple meaning math terms. Perfect for English learners and intervention!
